CLIENT
focused

At Westhaven, we are dedicated to creating contemporary homes that blend luxury, sustainability, and Cornwall's rich heritage. Every property we develop reflects our commitment to excellence and the local environment. We use the highest quality materials and innovative construction methods, to deliver the very best in Cornwall.

COMPLETE project delivery

We offer a complete solution to the construction of your new home. As both developers and contractors we can work with you to assist in concept design and planning approval, or through technical design and subsequent demolition, construction and delivery. We offer a complete development service.

From the earliest possible stage of design we will work with our clients to create value, ensuring we help them realise their dreams and home aspirations.

VALUE management

TECHNICAL expertise

We pride ourselves on innovative and manageable building solutions. This helps to simplify complex designs, and ultimately leads to increased savings, reducing costs and increasing buildability for our clients.
